Best Practice Guide

1ST PROJECT RESULT

It is officially online the Best Practice Guide which highlights **positive developments**, persistent **challenges**, and **concrete** examples of **good practice** of fostering **inclusive environments** for **neurodiverse individuals**.

This **handbook** aims to provide a valuable **resource** for **educators**, **employers**, **managers**, **HR professionals**, **policymakers**, **neurodiverse individuals**, their **families**,

and support **organizations** seeking to **understand** the landscape and **promote** greater **equity** and **opportunity**. This guide includes clear, actionable information on how to create more inclusive environments where neurodiverse individuals can thrive.

Design of the training in Slovenia

NEXT STEP >>>

The partnership is already at work planning the next important step of the project: the **3-day training** event to be held in **Ljubljana**, Slovenia, from 25 to 27 November 2025.

The **training** will be attended by **12 adult educators**, 2 from each partner country, who will receive a specific **training** to prepare them for the key role they will play in the **next phases** of the **WIN** project.

Specifically, they will be involved in the **development** of an **adult education neurodiversity training programme**, an employer induction programme to address neurodiversity issues and **create** a more **inclusive work environment**, and a **mentoring programme** for **adult educators** to be able to support employers and persons on the **neurodivergent spectrum** both in entering the **labour market** and in adapting to work in an unfamiliar environment.
